Garden tools kit

Description of the kit :

1 TRANSPLANTER for planting, transplanting, pricking out, mixing or spreading soil. Curved shape to allow a leverage effect in order to take your plant out of the ground easily and without disturbing the roots.

1 GARDEN CLAW with 3 tines for loosening, aerating and weeding.

Allows you to soften and hoe the soil to facilitate sowing or planting and their acclimatisation in your window box, pot or vegetable garden.

1 HOE for weeding, loosening the soil, tilling vegetables, digging the soil. 19 cm handle with a pointed end to break the earth's crust that forms under the effect of rain and watering, a flat and sharp part to cut the plants or lift the earth. Hoeing is a fundamental part of gardening to limit watering, ventilate the soil and air and eliminate weeds.

Product benefits : **LIGHT AND FUNCTIONAL TOOLS** made of recycled plastic (does not rust), adapted to the morphology of adults and children. Better working comfort, less risk for the user. Hanging hole for easy storage and shelving.

Unit weights : Transplanter 33 gr - garden claw 36 gr - hose 62 gr

Transplanter dimensions : 21.6 x 5.4 cm

Garden claw dimensions : 18.6 x 5.7 cm

Hose dimensions : 20 x 14.7 cm

Material : Polypropylene

Colors : 3 colors at choice (coordinated with the Kajo and Calipso Junior ranges)

Origin : FRANCE

Guarantee : 5-years anti-UV

Period of use : ALL YEAR

Application : Combine with your Calipso planters for better work in the soil. our children can also carry them in the matching Kajo 4 l. baskets.
